Matriculation

Every new student must participate in the matriculation ceremony before officially becoming a part of the university community. During this event, students receive their matriculation numbers and are required to recite the matriculation oath, signifying their commitment to the values and principles of the university.

Course Registration Procedure / Enrollment Duration

All Student Registrations, once students are admitted, are carried out on the WU Education Management System, an online platform.

At Wigwe University, students are required to enroll in their designated courses at the beginning of each semester. Failure to register for courses by the designated deadline for the current semester will result in inability to do so afterward. However, students facing illness or other exceptional circumstances may request approval from the Vice Chancellor to register after the deadline, upon payment of the required late registration fee.

Clear instructions are provided on the website.

Delayed Registration

Delayed registration during the regular semester occurs after the official registration deadline and incurs an additional service fee. Typically, students are encouraged to complete their registration within the allocated timeframe to facilitate a seamless academic process.

Authorized Registration

Each admitted student will receive a unique code which grants access to his/her academic space. On an account of ill health or any other unforeseen circumstance, a student may give his/her code to an authorized person after he/she must have obtained permission from the relevant bodies.

Students can authorize someone else to register on their behalf by providing written consent.

Examination Eligibility

Only courses that have been officially registered are eligible for examinations. Any attempts to take examinations for unregistered courses will not be recognized.

Carryover Courses

If a student scores below 40 percent in any course, the student is deemed to have failed the course and he/she must retake the course in the subsequent semester when it is offered; re-sit examinations are not permitted. All courses not passed at the first sitting are referred to as “Carryover Courses”.

Before registering for additional courses, all carry-over courses must be registered first. When a student has a semester with carryover courses of 15 credits or more, the HOD or Dean's approval would be required to register for new courses, with the semester total not exceeding 24 credits.

All examination marks will be recorded in students' academic records and will contribute to their final CGPA.

Requesting a Reassessment of Examination Scripts:

Students have the option to request a review of their examination scripts through a process called remarking if they believe there may have been an error in the grading process. This ensures fairness and accuracy in assessment. To apply for remarking, students must:

- Submit a written request to the HOD within a specified timeframe.
- Clearly articulate reasons for the request and provide supporting evidence.
- Fulfill any required fee obligations. Students may need to deposit a refundable nominal fee.
- Await the outcome, which may result in a revision of the examination grade.

The answer script with the marking scheme will be forwarded to an external assessor for remarking. If the remarked script validates the student's claims, a refund of the fee will be issued. It's crucial to acknowledge that the university's decision is conclusive. Before initiating a request, students are encouraged to consult with advisors or faculty members for guidance.

1. Active engagement in both classroom and laboratory sessions is paramount. To be eligible for examination participation, students must maintain a minimum attendance of 75% in scheduled lectures. Those falling below this threshold will be required to withdraw from the course. More than 25% of absences result in the student failing the course, unless approved by the HOD of Dean on the basis of sufficient documentation of health or other force majeure issues.
2. As it has been recommended in the CCMAS, assessment distribution per semester is as follows

   Final Examination 60-70%,

   Midterm Assessments 20%,

Academic Integrity

Wigwe University places utmost importance on academic honesty among its students. Integrity in academic endeavors is fundamental, reflecting the principles of fairness and personal accountability embedded in the University's mission and vision. Students are expected to refrain from plagiarism, cheating, and collusion during examinations and projects. Proper acknowledgment of all sources and received assistance is mandatory for all submitted work.

In cases of academic dishonesty, the instructor will assign a failing grade ("F") to the student without the opportunity for grade improvement through additional assignments. Severe instances will be reported to the respective faculty Dean, who will then inform the Vice Chancellor. If the incident involves a student from another faculty, the concerned Dean will be duly notified. The Dean may make a formal report to the Vice Chancellor for the attention of the Senate Disciplinary Committee for potential suspension or disqualification from studies in extreme cases.

Prerequisite Courses:

We emphasize the importance of self-reliance. Students will have opportunities to apply this principle through supervised practical work, as well as field assignments when applicable.

Semester System and Course Credit System

Wigwe University adopts a semester-based academic calendar, dividing each academic year into two 18-week semesters. Lectures, laboratory sessions, and experimental activities take place from 8:00 a.m. to 9:00 p.m. daily, with a midday break, amounting to a 40-hour instructional week.

Classes end on Wednesdays by 1.00pm to allow for recreational and other social activities, including religious activities for students.

- To make recommendations to the Registrar on the nature of offences and the prescribed penalties.
- To review cases already concluded as may be directed by the University Management or when fresh information that was not available at the time the initial conclusions were reached, is received.

Forming a Meeting Quorum for SDC

For any sitting of the SDC, two-thirds of the members shall form a quorum, including the Chairman, representative of the Chaplaincy and representative of the University Legal team.

Emergency Student Disciplinary Committee Sitting

- For cases due to time constraint or other administrative procedures, an emergency SDC shall be constituted with the Chairman, Representative of the Chaplaincy and the representative of Legal team in attendance. It shall follow the normal SDC procedures.

Procedures and Penalties

In deciding a case, the SDC shall consider the following:

- Nature of the offence
- The gravity of the offence
- The penalty prescribed for the offence
- Frequency of the offence in the University
- The character of the offender (whether similar or other offences had been committed before).
- Position of the offender among his/her co-offenders.

Filing of Complaints

Complaints may be filed by any student, faculty or staff of the University or visitor to campus against any student(s) or recognized student organization. One can file a complaint with staff in the Student Affairs Department or directly to the Dean, Student Affairs for the attention of the SDC. The office of the Dean, Student Affairs will send an invitation to the defaulting student (s), student organization or staff, indicating the complaint/charge/offence that has been filed. This correspondence requests an investigative meeting and/or hearing with the defaulting student(s) to review the allegations and evidence.

If a student files a complaint or is accused of violating any aspect of the rules and regulations and an informal resolution is not reached, the student shall appear before the SDC as a complainant or respondent and personally present any testimony, evidence or witnesses within the University that he/she wishes to be considered in reaching its decision. All parties are expected to comport themselves, present the truth and abide by any restrictions that may be put in place while the matter is pending.

The parents are usually informed of the outcome of investigations and penalties after approval by the University Management.

The jurisdiction of the SDC extends to misconducts that take place within or outside the University-owned property; at any University sponsored event or at any location where the misconduct has a significant impact on the mission and wellbeing of the University.

Procedure for Dispensing Disciplinary Cases

A student who violates any University rule or regulation shall undergo the following procedure:

a. Posted on his/her wardrobe door

b. The parents will be further notified of the unavailability of the student to receive the summons, as the case will be heard as indicated.

Failure to Fill an Offence Form

Failure to fill in an offence form for any violated rule amounts to gross insubordination, and the prescribed penalty shall be applied.

Failure to Appear Before SDC

Failure to appear before the SDC to respond to allegations or to appear as a witness when reasonably notified to do so will not hinder the process of justice. This standpoint extends to all disciplinary hearings, investigations and appeals. The hearing will be held "in absentia", and the SDC will review/hear the available evidence/witness(es) and reach a decision on the matters which shall be binding and not open to pleas except in cases where the accused/witness has any genuine and tenable reason for failure to honor the summons. Failure to appear before the SDC would be viewed as gross insubordination and be tried appropriately.

Informal Resolution

If a plea of guilty is entered by a student who appears before the Dean, Student Affairs, the case could be determined by an informal resolution which penalty does not attract suspension, expulsion or advice to withdraw. This resolution shall be read by the Dean to the concerned student who shall accept guilt and the penalty in writing. The appropriate penalty shall be communicated to the erring student(s) after approval by the University Management.

University Communication Channels

Academic Matters Concerning Students:

- Initial Consultation:
  Students are advised to initiate discussions on academic issues with their Academic Adviser and Head of Department (HOD).
- Escalation Process:
  If further action is necessary, communication should progress from the HoD to the Dean, then to the Registrar, and finally to the Vice Chancellor. Each intermediate officer must review and forward the communication before it reaches the final recipient.

Administrative Matters Concerning Students:

Students are encouraged to address non-academic concerns with a Student Affairs Officer initially. Subsequently, communication should be directed through the Dean of Student Affairs to the Registrar, who may consult with the relevant administrative head. Further escalation, if required, should follow the appropriate channels, including the Dean of Student Affairs and other intermediate officers, before reaching the final authority.

Student Groups:

The communication process for student groups, concerning both academic and administrative issues, follows the same protocol as for individuals. Matters should be forwarded to the Vice Chancellor via the Dean of Student Affairs, and an appointment should be scheduled for discussion.

Outside and Public Communication:

- External Communication:
  Students, whether individually or in groups, are prohibited from communicating with external entities regarding university matters without obtaining clearance from the Dean of Student Affairs, who will seek approval from the Vice Chancellor.
- Internal Communication:
  Students must refrain from addressing the student body or the university community on university-related matters without prior clearance from the Dean of Student Affairs, who will consult with the Vice Chancellor for approval.
